Dear Courts,

I am writing to request a continuation of my BK case hearing. Last week my coworker left unexpectedly, leaving me the only person to run the branch. I apologize for the request of change as I did not realize that Covid was still around and required a quarantine time. She is expected to return from her leave on December 11<sup>th</sup>. I appreciate your forgiveness in this matter as its peak holiday season and my presence is mandatory in the branch. I could be open to a virtual hearing if possible.

Thank you for your attention to this matter.
